- ▶ Fast and Simple Installation and Zeroing
- ▶ Compatible with 1X to 12X Daytime Scopes
- ▶ Battery Life:
- ▶ 7-Year Warranty
- ▶ Made in Canada. ITAR-free

OVERVIEW

CNVD-22 is the clip-on night vision device designed to seamlessly pair with direct-view (daytime) scopes to endue them low-light observation capabilities for extended-range reconnaissance, target acquisition and engagement.

CNVD-22 offers convenience of installation and usage: with fast and easy pairing with your existing daytime scope no re-zeroing or removal of the day scope is required. Conversion from night vision to day scope mode and back is done in seconds.

CNVD-22 is a perfect tool for sniper applications and all other scenarios where stealth, speed and precision are the key factors for successful mission accomplishment.
