MINOX RIFLESCOPES FOR THE BEST HUNTING EXPERIENCE

Since the invention of the famous spy camera, MINOX is the synonym for the perfect miniaturizing of cutting-edge technology. Today the name equally represents exceptional innovative energy in the field of long-distance optics.

The essence of this expertise flows directly into the development of MINOX riflescopes, offering high-tech for the eye with first class quality for the highest of demands and comprehensive features. Uncompromising in design and production, the maximum possible excellence and precision is emphasized.

Utmost quality, precision, solidity and longevity – these are the achievements of German engineering and constitute the system of values for the MINOX brand.

The exceptional performance of MINOX riflescopes is reflected in the use of high-tech special glass, a precision-designed optical system and premium lens coatings. This combination offers the perfect prerequisite for excellent image quality and high contrast.

All MINOX rifle scope lines are manufactured with the utmost care and reliability to meet the highest of standards.

Your MINOX Team

ZP TAC

EXTREMELY RELIABLE UNDER HARSH CONDITIONS

MADE IN
GERMANY

With their in-the-field oriented features, the ZP TAC riflescopes provide the highest possible reliability under the most stringent of conditions – fulfilling various optical and mechanical MIL-standards (e.g. MIL-STD 810 for environmental conditions such as watertightness, temperature, shock resistance).

- Complex optical design and special glass provide highest image quality even at the edges of the field of view
- M* multi-coating on the optical elements provide excellent light transmission, contrast and colour rendition, even in difficult light situations
- 8x e.g. 5x magnification for the highest level of flexibility and precision
- 34 mm solid tube made from aircraft grade aluminium
- Robust and extremely shock resistant construction
- Very large field of view for best overview
- Large eye relief of 90 mm (3.5") for greater safety
- Quickly adjustable diopter adjustment; optionally rubberarmored or out of aluminium if to be used with robust protective caps
- Illuminated reticle for unlimited concentration on the target regardless of the light situation, with automatic deactivation after 3 hours (ZP8), 6 hours (ZP5)
- Waterproof down to 15 m (49 ft.) – argon gas purged and fogproof
- Sophisticated tactical reticles for every situation
- Reticles: MR10+, MR10, A8-D, MR5, MR2, Mildot

Available as:

ZP8 1-8x24
ZP5 3-15x50
ZP5 5-25x56

ZE-i

PRECISION MADE IN GERMANY

MADE IN
GERMANY

The ZE-i Line riflescopes are the result of a skillful combination of brilliant precision optics and solid, reliable mechanics. Decades of German engineering know-how and the selection of high quality materials provide the essence from which the excellent optical sights are made.

- Special optical high-tech glass for excellent image quality and outstanding light transmission
- M* multi-coating on all optical components for excellent light transmission, contrast and colour rendition
- 5x magnification for maximum flexibility and precision
- 30 mm tube
- Solid, extremely shock-resistant aviation aluminium housing
- Large field of view for quick aiming and greater certainty
- Reticle at the 2nd focal plane
- Greater safety with an eye distance of 100 mm (3.9")
- Precise reticle with a brilliant red dot - adjustable in 11 levels of brightness
- Auto Power-Off: automatic deactivation of the red dot
- Spare battery integrated into the reticle adjustment drum
- Comfortable and smooth variable power adjustment
- Quick adjusting, rubber coated ocular
- Precise elevation and windage adjustment, as well as parallax-compensation (SF models)
- Filled with high grade Argon gas to prevent fogging
- Waterproof and fog free internal lenses
- Available with the MINOX Z-Rail from Nov. 2014
- Reticles: German #4, BDC, Dot

Available as:

ZE 5i 1-5x24
ZE 5i 2-10x50
ZE 5i 3-15x56 SF
ZE 5i 5-25x56 SF

ZA HD

FAST AND PRECISE ON TARGET

MADE IN
USA

The MINOX ZA HD riflescopes are equipped with 5x magnification, 30 mm or 1" tube and long-range reticles for increased accuracy, and are particularly distinguished by their high-performance optics and Rapid Target Acquisition (RTA).

- High performance HD optics for excellent optical performance
- Fully multi-coated lenses
- 5x magnification
- Rapid Target Acquisition (RTA) optical system
- 30 mm or 1 inch tube
- Anodized aluminium scope body
- Reticle at the 2nd focal plane
- Long, safe eye-relief
- Precise elevation and windage adjustment, as well as parallax adjustment (SF models)
- Waterproof and Argon gas purged to prevent fogging
- Reticles: PLEX, German #4, BDC 600, BDC 800

Additional features for the MINOX ZA-i HD Line

- Illuminated reticle - adjustable in 6 levels of brightness
- Off step in between each intensity setting
- Reticle: PLEX red dot

Additional features for the MINOX ZA-i HD TAC Line

- Fully illuminated tactical reticle system
- Lockable quick target turrets for accurate target adjustments
- Reticle: MR-Plex

Available as:

30 mm tube: ZA 5 HD 1.2-6x24* / ZA 5 HD 2-10x50* /
ZA 5 HD 3-15x50 SF* / ZA 5 HD 3-15x56 SF* / ZA 5 HD 5-25x56 SF*
1 inch tube: ZA 5 HD 2-10x40 / ZA 5 HD 3-15x42 SF
TAC Line (30 mm tube): ZA 5i HD 1.2-6x24 TAC /
ZA 5i HD 3-15x50 SF TAC / ZA 5i HD 5-25x56 SF TAC

*ZA-i HD models are also available with red dot

ZV

PREPARED FOR EVERY SITUATION

The excellent optical performance and reliable mechanics perfectly meet the demands of any hunter looking for a quality piece of gear. Equipped with fully multi-coated lenses, 1 inch tube and 3x zoom range, the MINOX ZV riflescopes are the ideal solution for use in every situation.

- Outstanding optical performance and mechanics
- Fully multi-coated lenses
- 3x magnification
- 1 inch tube
- Lightweight aluminium body
- Long, safe eye-relief
- Reticle at the 2nd focal plane
- Precise elevation and windage adjustment, as well as parallax adjustment (SF models)
- Waterproof and nitrogen purged to prevent fogging
- Reticles: PLEX, BDC 400

MINOX COMFORT SERVICE
OUR QUALITY PROMISE
FOR THE NEXT 30 YEARS

More assurance and service for your MINOX product even after the statutory warranty has expired: After the product registration MINOX customers take advantage of the MINOX Comfort Service. This service will be offered to MINOX customers for 30 years after the date of purchase.

All products in this brochure are covered by the MINOX Comfort Service extended warranty.
